Comment:

a. The presence of Ps-2s was reported on 17 October 1949. Only individual Ps-2s have so far been seen at the field. The occupation by a unit equipped with Ps-2s is considered doubtful since the presence of a large number of Ps-2s has not been reported by other sources.

25X1

b. A smaller number of fighters was mentioned than previously. It has not been learned if one of the two fighter regiments previously stationed in WISNER-NEUCHÂT has been transferred.
